

**The 2nd International Workshop on Response and Adaptation of
Terrestrial Ecosystem Carbon, Nitrogen and Water Cycles to Climate Change
May 14-17, 2019 Xishuangbanna, Yunnan, China**

Day	Time	Session	Site
14 May 2019	All day	Registration	The lobby of Lily hotel
15 May 2019	8:30-9:30	Opening ceremony	Conference hall of XTBG
	9:30-10:00	Photo time	
	10:00-10:30	Coffee break	
	10:30-12:30	Session: The functions and key processes of carbon, nitrogen and water cycles in terrestrial ecosystems	
	12:30-13:30	Lunch time	
	13:30-15:00	Session: The response, adaptation and	Conference hall of XTBG
	15:00-15:30	feedback of carbon, nitrogen and water	
	15:30-18:00	cycles of terrestrial ecosystems to climate change	
16 May 2019	8:30-10:00	Session: New techniques and	Conference hall of XTBG
	10:00-10:30	methodologies application in carbon,	
	10:30-12:00	nitrogen and water cycles in terrestrial ecosystems	
	12:00-13:30	Lunch time	
	13:30-15:30	Session: The response, adaptation	Conference hall of XTBG
	15:30-16:00	and feedback of carbon, nitrogen and	
	16:00-18:30	water cycles of terrestrial ecosystems to climate change	
17 May 2019	8:30-12:00	Field trip to eddy flux observation site in tropical rainforest	
	14:30-17:00	Field trip to simulated climate change site and eddy flux observation site in rubber plantation
